PROFILE

Computer Science undergraduate and Apple Developer Academy developer building human-centered products with Swift and applied AI. Experienced in multidisciplinary collaboration and in turning technical ideas into clear, practical outcomes. Interested in leading a Claude Builder Club at CEFET/RJ through hands-on workshops, build nights, and peer learning.

EXPERIENCE & COLLABORATION

Student Developer | Apple Developer Academy

2025 – Present

- Build and iterate on Apple-platform products in multidisciplinary teams using challenge-based learning, user research, prototyping, and continuous feedback.
- Contribute to demos, technical decisions, and peer reviews across teams, strengthening communication, ownership, adaptability, and collaborative problem-solving.

Collaborator | NAF — Núcleo de Atividades em Física, CAP-UFRJ

Jan 2023 – Present

- Collaborate in hands-on physics, technology, and field activities that develop experimental thinking, creativity, problem-solving, and teamwork.

SELECTED PROJECTS

Ômu — Private, local-AI meeting assistant for macOS | *Swift 6, SwiftUI, Whisper, Qwen, SwiftData, CloudKit*

- Co-developed an app that records or imports meeting audio and generates on-device transcripts, summaries, notes, and tasks, with team workspaces for shared text context.

Bond — Social hobby and task challenges for iOS | *SwiftUI, CloudKit, Game Center, StoreKit*

- Collaborated on an app that helps friends motivate one another through shared hobby goals, task challenges, and light competition.

ScoutIQ — Academic sports recruitment intelligence platform | *React, Redux Toolkit, Supabase*

- Built with faculty guidance to help football clubs compare player recruitment scenarios under financial and salary constraints.

EDUCATION

B.Sc. in Computer Science | CEFET/RJ

2024 – Present

SKILLS & LANGUAGES

Technical: Swift, SwiftUI, Python, C, C++, Java, JavaScript, React, Git, on-device AI, SwiftData, CloudKit

Community: technical communication, peer learning, teamwork, initiative, problem-solving | **Languages:** Portuguese (native), English (fluent), French (basic–intermediate)
